# РЕКОМЕНДАЦИИ ПО ОЦЕНИВАНИЮ ТЕСТОВ

В данном пособии даны рекомендации по оцениванию тестов, тексты аудиозаписей к заданиям на восприятие и понимание речи на слух, а также ответы к заданиям.

Все тесты, кроме тестов на говорение, составлены в двух вариантах одинаковой сложности. Если в заданиях встречаются незнакомые учащимся слова (допускается учебной программой) и их значение важно для понимания при выполнении заданий, эти слова сопровождаются переводом.

Задания составлены от простого к сложному: предыдущие легче последующих, поэтому за один элемент в разных заданиях учащиеся могут получить разное количество баллов.

Перед тем как учащиеся начнут выполнять задания, важно убедиться, понимают ли они, что нужно делать и как именно (обвести кружком правильный ответ, вписать слово или написать правильную букву в нужном месте).

Основная цель тестов — определить уровень владения учащимися английским языком. В конце каждого теста дана шкала оценивания, которая поможет учащимся понять, насколько хорошо они усвоили материал каждой темы, и будет стимулировать к получению лучшего результата в будущем.

## 1. Тесты ЛЕКСИКА, ГРАММАТИКА, ПИСЬМО

Для проверки уровня сформированности лексико-грамматических навыков учащихся к каждому разделу учебного пособия «Английский язык 5» предлагается по шесть заданий: три задания на проверку лексики, два — на проверку грамматики и одно задание на творческое письмо в рамках пройденной темы.

Каждое задание, кроме задания на письмо (№ 6), сопровождается примером выполнения.

Максимальное количество баллов — 30. Отдельные элементы в разных заданиях оцениваются по-разному.

Рекомендации по оцениванию тестов **Лексика, грамматика, письмо**:

Задание	Количество баллов	Оценка одного элемента задания, балл
1	2,5	0,5
2	2,5	0,5
3	5	1
4	5	1
5	5	1
6	10	
Итого:	30	

Для оценки сформированности умений письменной речи (задание № 6) пользуйтесь документом «Оценка результатов учебной деятельности учащихся по иностранному языку», размещенном на образовательном портале Национального института образования [www.adu.by](http://www.adu.by).

## 2. Тесты ГОВОРЕНИЕ

К каждому разделу учебного пособия «Английский язык 5» предлагается по три задания:

1. Ответы на вопросы учителя в рамках пройденной темы. Учитель задает любые 4 вопроса из списка.

2. Диалог с одноклассником.

3. Монолог.

В задании 1 содержится большое количество вопросов. Рекомендуется задать каждому учащемуся по 4 вопроса на выбор учителя.

Максимальное количество баллов — 10 (соответствует отметке).

### Рекомендации по оцениванию тестов **Говорение**:

Задание	Количество баллов
Задание 1	2 4 вопроса — 0,5 балла за каждый правильный ответ
Задание 2	4 участие в диалоге, коммуникация — 1 лексика раздела — 1 грамматика раздела — 1 порядок слов в предложении — 1
Задание 3	4 соответствие высказывания заданной теме — 1 лексика раздела — 1 грамматика раздела — 1 порядок слов в предложении — 1
Итого:	10

При оценке говорения рекомендуется в первую очередь обращать внимание на то, донес ли учащийся смысл высказывания, ответил ли он на поставленный вопрос. Ошибки допустимы, и если они не мешают беседе, не следует их исправлять, заострять на них внимание и слишком строго судить учащегося. На количество баллов могут влиять только ошибки в материале данного раздела. Все остальные следует временно игнорировать, но взять их себе на заметку для дальнейшей проработки на уроках.

### 3. Тесты **ВОСПРИЯТИЕ И ПОНИМАНИЕ РЕЧИ НА СЛУХ**

Для проверки уровня развития умения воспринимать и понимать речь на слух в конце каждой четверти предлагается по четыре задания. Задание 1 проверяет понимание одной составной части в каждом из пяти коротких звучащих текстов. Остальные задания предназначены для более детального понимания новых текстов в аудиозаписи (диалоги, монологи, тексты разных жанров).

К каждому заданию учащиеся слушают отдельную аудиозапись, которую следует проигрывать дважды. Учащиеся слушают одинаковые аудиозаписи для вариантов А и В, но задания в вариантах разные. Тексты аудиозаписей приведены в данном пособии.

Аудиозаписи размещены на сайте [www.aversev.by](http://www.aversev.by).

### 4. Тесты **ЧТЕНИЕ**

Для проверки уровня развития умения чтения в конце каждой четверти предлагается по четыре задания. Задание 1 проверяет общее понимание частей текста, задания 2 и 3 — детали прочитанного текста, задание 4, как правило, требует объяснения содержания текста в целом.

Учащиеся читают одинаковые тексты для вариантов А и В, но задания в вариантах разные.

### Рекомендации по оцениванию тестов **Восприятие и понимание речи на слух и Чтение**:

Задание	Оценка, балл	Оценка одного элемента задания, балл
1	5	1
2	5	0,5 (восприятие речи на слух) 1 (чтение)
3	10	2
4	10	2
Итого:	30	

Максимальное количество баллов — 30.

Оценивая ответы учащихся, следует помнить, что задания разработаны для контроля определенных умений и навыков. Например, при проверке понимания речи на слух или понимания чтения не следует снижать отметку учащимся за неправильно написанные слова или неполные предложения. Если ответ по существу дан верно, он принимается как правильный, несмотря на орфографические и грамматические ошибки, нарушенный порядок слов в предложении.

**Unit 6. In the city**

**Unit 7. On the farm**

Versions A, B

**1 What's the matter with Farmer Duck's animals? Listen and match the animals to the illnesses. One illness is extra.**

**On the Farm**

Once upon a time there lived a Duck who had a farm in Middleton, Leeds. His name was Farmer Duck and he had many farm animal friends on his farm. They helped to do lots of jobs. But Farmer Duck was very sad because it was very wet and cold on the farm. People didn't visit the farm and the animals had health problems. One day, the animals started crying. The cow said, "I've got a cold, I can't give milk." The red hen also cried, "My feet and legs hurt, I can't run after my chicks." "The water in the lake is very cold. I've got a cough," said the goose. "And it's dirty. I've got a stomach-ache," said the frog. "I've got a sore throat. It hurts badly," cried the sheep.

**2 Listen and spell the name of Farmer Duck's farm.**

Farmer Duck thought for a while and decided to buy new land for his farm. The farm animals liked the idea and quickly started packing to move to their new farm. "Rainbow Joy is the name of our new farm," said Farmer Duck. "Goose, write it on the house please: R-a-i-n-b-o-w j-o-y." "OK, Farmer Duck, R-a-i-n-b-o-w j-o-y," said the goose and flew to their new house.

**3 Listen to the third part of the story. Are the sentences true (T) or false (F)?**

On the 14<sup>th</sup> of May Farmer Duck opened his new farm. The animals made beautiful posters and put them all over the town. They invited people to visit their farm. They wrote the address and the telephone number on the posters. The address was: 8902 Turkey Road, Middleton, MI 55371. The telephone number was: 0276 59340. The farm was open from 9 a. m. to 7 p. m. every day.

Unfortunately, days passed but there were no visitors on the farm. What could they do? "Let's open a café on the farm and serve healthy food there," said Farmer Duck. "That's a good idea!" shouted the animals. The next day animals got up at half past five and started to work hard. First, they planted 17 apple trees and 13 pear trees to make a nice garden. Then, they seeded carrots, peas and beans and built two big greenhouses to grow cucumbers and tomatoes. They also planted a lot of flowers and made beautiful flowerbeds. Every summer day the animals weeded the vegetable garden and flowerbeds. When there was no rain, they watered the plants. Farmer Duck bought 12 tables and put them in the garden.

On the 28<sup>th</sup> of August Farmer Duck opened his café. It was a happy day! That day they had 30 visitors! They enjoyed the healthy farm food: vegetable and fruit salads, eggs, cheese, milk, apple, pear and carrot juices.

The most popular dish was vegetable pizza. It was delicious! **Rainbow Joy Farm** was full of visitors from that day on!

**Student:** Thank you, Mr Globe.

**3 Listen to the story about Columbus. Are these sentences true (T) or false (F)?**

Christopher Columbus was born in Genoa, Italy in 1451. He began travelling on Italian ships at the age of 14. When he was 25, he read a book by a famous traveller Marco Polo. Columbus was very excited by Polo's book and decided to become a great traveller, too. In 1476, his ship first went into the Atlantic Ocean.

Christopher Columbus wanted to find a new way to India. He didn't want to go around Africa so he travelled across the Atlantic Ocean. King Ferdinand and Queen Isabella of Spain gave him money and the ships: the "Santa Maria" and two smaller ones, the "Nina" and the "Pinta".

The three ships left Spain and went west on August 3, 1492. The travellers didn't see land for a month. They wanted to go back to Spain when, finally, on October 12, 1492, they saw it. Columbus thought it was India, so he called the native people Indians, but Columbus wasn't in India. The land was America or the New World. All in all, Christopher Columbus travelled four times to America.

This was an important event in the history of the world. In many countries, people celebrate Columbus Day on the second Monday in October.

There is a version that Columbus was not the first European to get to America. Some people think that the Vikings, big and strong people living in the north of Europe, got to America first. They did it five hundred years before Columbus but they lived far from the cultural world and nobody knew about that.
